Photo of the Week: The hills are alive...

Edit

I'm probably the only person I know who has never seen *The Sound of Music*. Never in my life... ever! So when Senior Accountant [Phyllis James](#) sent in this photo, my reaction was not, "OMG! This SO reminds me of *The Sound of Music!*" But I did like it!

Phyllis took this while in the southeastern German village of Berchtesgaden near Salzburg, Austria. Her nephew was fortunate enough to marry a woman from Germany, so Phyllis had the perfect excuse to travel abroad and take this great shot.

Thanks Phyllis!

Thank you for bringing back memories of Berchtesgaden, from when my husband (and I) were in the Army! The Alps are truly magnificent.

Further description[Edit](#)

This shot was taken from the 'Eagles Nest', Hitler's mountain retreat, a big tourist attraction. I highly recommend it if you are ever in the area. The picture doesn't do it justice.

And Mozart didn't want to stay here?[Edit](#)

Great photo! BTW you're not the only one who hasn't seen SOM. My daughter got the role of Maria in a local theater stage production of it and I told my friend Doug who said "Never seen it".
